

SAV | SHOWCASE ART VLAANDEREN HONDURAS

Crossroad-Biennale for International Art

From Saturday May 9th to Sunday May 24th 2020 the fourth edition of Showcase Art Vlaanderen (or Flanders) will take place at the Coloma Castle in Sint-Pieters-Leeuw, near to Brussels.

Showcase Art Vlaanderen is organised by the International Art Forum (IAF), a non-profit organisation that has been promoting art through cultural exchange projects for over 30 years.

These Showcases were created as an experimental space to discover young Flemish artists and to give them a space and platform next to international upcoming and established talent. Meaning that next to the own local artists, curated by IAF, the Showcases feature a selection of exclusive and successful international artists or artworks. This year the cooperation and interaction with **Honduras** will be the central theme of the Showcase, an upcoming art scene and source of new contemporary talent

Showcase Art Vlaanderen brings a selection of more than 30 artists spread over 300 square meters and a wide variety of expressions, going from sculptures to installations and from paintings to video walls.

The Coloma Castle, its surroundings and its vicinity to Brussels offers a unique location for this event. The vernissage of this year's Showcase will take place on May 9th at 4pm. Afterwards the exhibition will be accessible on weekdays from 10 am to 6pm, on Saturdays from 12 to 6pm and on Sundays from 12 to 5pm.

The exhibit expects to welcome 2000 visitors. An invitation only inauguration reception is programmed on the 9th of May in which 200 diplomats, gallerists, collectors, art lovers and press will have the chance to visit before the public.
